

Pyro2018

22nd International Symposium on Analytical and Applied Pyrolysis

<http://cec.ach.nitech.ac.jp/pyro2018/>

June 3-8, 2018, Kyoto, Japan

Topics

- *Fundamental studies of pyrolysis*
- *Pyrolysis reaction kinetics, mechanism*
- *Methodological developments of pyrolysis techniques*
- *Analytical pyrolysis in various fields (geochemistry, biology, polymer, conservation, etc.)*
- *Pyrolysis of biomass, coal, petroleum, synthetic polymer, etc.*
- *Reactive pyrolysis (catalytic, hydrothermal, etc.)*
- *Applied pyrolysis for energy, recycling, etc.*
- *Others*

Chairman

Prof. Hajime Ohtani,
Nagoya Institute of Technology, Japan
